**Banking and Fading Dice—Continued
SET NO. 38
Loaded Transparent Crap Dice regular
Concave Spot**

After extended experimenting we have been successful in finding a mineral with the required weight, in small quantity, which insures a first class working dice, so that we can honestly recommend them for banker's use and the protection of your game. Are equally as strong as our Missouts No. 1; whose reputation is so well established among the game keepers. There are some points in favor of the clear celluloid, which ivory, bone and celluloid (ordinary) do not possess. Do not excite suspicion in any way. In other words, "the work is there but cannot be detected." Players always have confidence in the game when shooting with a set of these dice. They give best satisfaction in $\frac{1}{4}$ and $\frac{3}{8}$ size.
Price, per set, any color.....\$7.50

**SET NO. 30
Transparent Bird's-eye Missouts**

We wish particularly to call your attention to our Transparent Banking Dice. These goods are as clear as crystal and are made in three different colors—green, red and saffron with white inlaid spots. A set consists of four dice. Players always have confidence in the game when shooting with a set of these dice, for the simple reason that they can look through them. They are a perfect protection for the game, for it would be impossible for anyone to match them, as we make them for Banking purposes only, bird's-eyes. Let two houses open in a town, one house using the common white dice and the other using the Transparent Dice. The man with the Transparent Dice will get all the play. We have seen it tried and have tried it. We know what we are saying to be a fact.
Price per set..... \$10.00
