

# THE CHICAGO DICE.

## Notice to every Dice user in the U. S.

Do you want Protection against ringers ?

Do you want Protection against untrue or imperfect shaped Dice ?

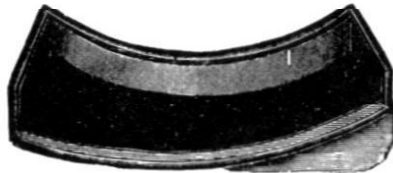

Do you want Protection against the **concave spot Dice** ? which from the fact that 5 pieces on the five, 6 on the six sides are taken out, making every dice made with the ordinary spots favor these 2 numbers. We have overcome all these obstacles, we make a  $\frac{5}{8}$  inch white celluloid with inlaid spots, which are even with the surface of the Dice. The Ace and Six being made in the Black Color, the Five and Duce being a Bright Red, the 3 and 4 being made of Blue, these three materials have been made for us exclusively, no one can Duplicate these goods for the simple reason, no one can get these materials.

To the man who is operating a crap game, the protection afforded by these Dice is invaluable as no one **can get work in on him** of any kind. The cigar counter man or the saloon man is also protected from **all kinds of sharks**. He is giving and getting a Run for his money.

For attractiveness these Dice also outclass any other Dice ever produced.

We have sold hundreds of sets of these goods in this city as soon as they were put on the market, all are pleased with them and say they would use no other kind.

**PRICE, PER SET OF 5 DICE, - \$1.50**
