COMPOSITION ROULETTE BALLS

Owing to the many complaints we have had in regard to Ivory Roulette Balls, we have perfected a composition Ball that we can guarantee to be a perfect **Sphere** and one that we can guarantee to "**remain so,**" which is an impossibility with an Ivory Ball on account of their susceptibility to aclimatic changes. Our Composition Ball will outwear a dozen Ivory ones and remain perfectly Round at all times, this Ball has exactly the same weight as an Ivory Ball. Made in all sizes. **Price Each 75 Cents.**
