

The Evans "UP-TO-DATE Check

PLAIN

Price \$15.00 per thousand
Size $1\frac{9}{10}$ inch

There is no tool used in a "CLUB ROOM" that is as hard to get perfect as a Check. Some break easily some do not stack perfect, and last but by no means least all of them more or less are continually sticking together. In the Evans Up-To-Date Check we have overcome all these obstacles. The Up-To-Date Check is what we call a live check, the centers all being MADE SO THEY DO NOT TOUCH ONE ANOTHER, the contact being on the outer rim only, they can be stacked higher and more rapidly handled than any check made. WE GUARANTEE these checks to be the most perfect, durable and best check ever made or money refunded.

Electro Magnet The Latest and Greatest Novelty

You Press Squeeze, Magnet Does the Rest

The Magnet being placed under the table or counter is neither seen, heard or felt. If is connected by wire with a dry battery.

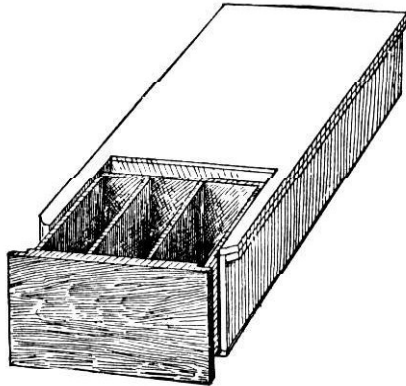

In order to make a "big throw" all you have to do is to press the secret squeeze and throw the dice over the spot where the magnet is concealed and you can beat almost any throw that your opponent might make, and this with the same dice he uses, without any juggling of the dice or box. You just put the dice into the box and toss them out in a careless and natural manner.

The dice roll perfectly natural at all times, and no one can see any difference when the "current" is on—only in the size of hands thrown.

Counter Magnets and Batteries weigh about 30 pounds, according to size and shape. It acts through any thickness of WOOD, GLASS, PAPER, CLOTH, ETC. This is the thing to have if you want to win big money.

Price of Counter Magnet with five Dice **\$30.00**
all complete and ready for work.....
