

CATCHERS' MITTS

Nos. 200-201

No. 200. American League Catcher's Mitt, extra large, made of the finest quality best selected horsehide, double stitched throughout with waxed linen thread. Each leaf is made and leather bound separately, the front being doubly reinforced with strong leather from inside with three rows of linen thread stitching, filled with best quality hand quilted asbestos felt. It has a patent thumb attachment, covers all devices by which the body of the mitt may be attached to the thumb for the purpose of drawing the two together so as to form a deep pocket to suit self. The most practical method, however, is the patent adjustable strap which we are using on our entire line of catcher's mitts. Price, each\$6.00

No. 201. Made in style and workmanship similar to our No. 200 American League, only of select black French calf. Price, each\$5.00
