Price\$11.55 net

THE CELEBRATED L. C. SMITH NEW MODEL HAMMER GUNS

Guaranteed for nitro-powder. All full choked. It combines the same celebrated action and system as the L. C. Smith Hammerless Gun. The strongest gun built. The locking bolt is cylindrical in shape, tapered to allow for wear and self-adjusting, making it impossible for them to get loose. Selected walnut stock, checkered half-pistol grip, full compensating patent snap, fore-end checkered, extension rib, matted new low circular hammers, case-hardened frame and mountings, rubber butt plate, both barrels full choke bored.

WINCHESTER MODEL 1906.

Extra Light Weight, 22 Cal. Repeating Rifle—"Take-Down."

Shoots only 22 calibre short, black or smokeless r. f. cartridges.
Very compact and light. In appearance and outline, and in accuracy, reliability of operation and finish, it is fully up to the established Winchester standard. The repeating and take-down systems used in this rifle are simple, positive and thoroughly tried, having always given entire satisfaction. This rifle is made with a 20-inch round barrel fitted with a sporting front sight and an adjustable open rear sight. It measures 35¼ inches over all and weighs about 5 pounds; has a handsome straight grip stock 12¾ inches long with a drop at comb of 1½ inches and at heel of 2¾ inches, finished with a rubber butt-plate. The magazine holds 15 cartridges. Model 1906 rifles can be furnished only according to the above specifications. Price\$8.50 net
