

# The Jumbo Dice Wheel

Our Latest and Greatest

This wheel is 6 inches larger than the Regulation Sized Wheel.

This wheel is the handsomest wheel ever manufactured.

This wheel is made by our Firm only don't be fooled by our imitators.

This wheel gets a play where all others fail. The uncrowned King of all Fortune wheels.

Our latest improved wheel Divided in 54 spaces, each space having 3 dice. This wheel is 60 inches in diameter; the entire front is made of glass and nickel plated trimmings, the dice are painted on metal plates, so if any one or more glass panels are broken the wheel can be used just the same This being a great advantage over the old style of wheels, as you can go on with the game and put in a new glass any time

This wheel will get a play any place, as every one likes a dice game

This wheel has many improvements over all other makes of wheels. When you buy, be sure to buy of us, as we are the makers
