International Game Technology

Mechanical Parts Player's Edge-Plus Slant-Top

Warranty

IGT warrants that its products have been manufactured in conformity with all applicable jurisdiction regulations where this machine is licensed, and that during the warranty periods specified by contract, its products will be free from defects in workmanship and material. Minor deviations from specifications or descriptions shown in IGT product literature or service manuals which do not affect the performance of the product are not considered to be defects in workmanship or materials, and are not covered by this warranty. Operation or maintenance of the product other than as specified in IGT's service manuals, and any unauthorized modifications (even if intended to correct a problem) void all warranties. IGT's sole duty hereunder is to repair, correct, or, at IGT's option, replace defective products or parts during the contract warranty period only.

Information in this document is subject to change without notice and does not represent a commitment on the part of IGT, a wholly owned subsidiary of International Game Technology. No part of this manual may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopying and recording, for any purpose other than the purchaser's personal use without written permission of IGT.

THE WARRANTIES SET FORTH HEREIN CONSTITUTE IGT'S SOLE AND EXCLUSIVE LIABILITY FOR DEFECTIVE AND NON-CONFORMING PRODUCTS OR PARTS. ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED. IN NO EVENT SHALL IGT BE LIABLE FOR DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO LOSS OF USE, REVENUE OR PROFITS. REMEDIES SET FORTH HEREIN ARE EXCLUSIVE.

WARNING!

The following servicing instructions are for use by QUALIFIED PERSONNEL ONLY. To avoid personal injury or damage to the equipment, do not perform any servicing other than that contained in this manual.

About Field Service Documentation

IGT has restructured its typical service manuals to:

- Meet customer requests for separate parts and electronic manuals
- Reduce customer cost for manuals
- Allow customers to purchase the information they use most in the quantities they need

Complete Set of Documentation =
Six Stand-Alone Manuals

(Binders must be purchased separately.)

Packaging

Note: All manuals are 8.5" x 11" format and come shrink-wrapped and 3-hole punched to fit into a standard 3-ring binder; except the electronic diagrams & parts manual which is 11" x 17" and spiral bound.

Related Documentation

This manual contains information related to mechanical parts only. It should be used in conjunction with the appropriate IGT field service manuals for operations such as machine installation, game software, troubleshooting, maintenance and repair.

- The *Machine Installation* manual (p/n 821-202-01) contains overall installation instructions for all IGT machines.
- The *Game Software: Player's Edge-Plus Products* manual (p/n 821-227-01) presents program information required to select options, test, perform machine diagnostics and record cumulative data for Player's Edge-Plus machines.
- The *Troubleshooting: Player's Edge-Plus Products* manual (p/n 821-228-00) contains overall troubleshooting techniques and references for both hardware- and software-related problems.
- The *Maintenance Procedures: Player's Edge-Plus Slant-Top* manual (p/n 821-275-00) provides complete field service instructions – removal/replacement, maintenance and adjustments, disassembly and assembly and functional verification – for both optional and standard components.
- The *Electronic Diagrams & Parts: Player's Edge-Plus Slant-Top* manual (p/n 821-276-00) contains wiring diagrams, board assemblies and schematics specifically for this machine.
- The *S-Plus/Player's Edge-Plus Electronics Repair* manual (p/n 821-126-04) contains detailed board-level instruction for electronic repair technicians for S-Plus and Player's Edge-Plus machines.
- The *SMART 2 Hardware Manual* (p/n 821-278-00) contains information about player tracking hardware, specifications, installation, troubleshooting, maintenance and bench repair.
- The *World Bill Acceptor Calibration Procedure* manual (p/n 821-271-00) contains information regarding procedures for calibrating JCM World Bill Acceptors.
- The *Video Tester Operator's Manual* (p/n 821-052-00) contains information required to use the video tester for testing processor boards and other machine components.

Related Videotapes

- *Machine Installation* (p/n 828-008-00) reviews the pertinent procedures for installing machines in standard gaming or video lottery environments.
- *Basic Machine Troubleshooting* (p/n 828-010-00) provides the beginning slot machine mechanic with the information necessary to troubleshoot IGT's stepper slot and video games.
- *Machine Troubleshooting, Part 2* (p/n 828-012-00) continues with information from the *Basic Machine Troubleshooting* video and focuses on detailed problem analysis and solutions addressing the most common problems encountered in casino floor environments.
- *Player's Edge-Plus Overview* (p/n 828-007-00) presents the different models of Player's Edge-Plus video machines and identifies components, features and game types.
- *Player's Edge-Plus Electronics Repair* (p/n 828-015-00) presents detailed board-level instruction on Player's Edge-Plus processor boards for electronic repair technicians.
- *Machine Attendant Operations* (p/n 828-011-00) presents basic operating procedures for casino floor personnel and introduces the viewer to game play features and component identification of the S-Plus and Player's Edge-Plus machines.
- *JCM DBV-45-SS Bill Acceptor Service and Repair* (p/n 828-009-00) presents essential operation, service and adjustment procedures on the security stacker version of the JCM model used in IGT imbedded bill acceptor machines and newer side-mount models.
- *Ceronix Monitor Repair* (p/n 828-005-00) provides technicians with board-level repair information for Ceronix monitors.

Customer Services

24-hour Technical Information - For viewing and downloading product information, call IGT's electronic Bulletin Board System (BBS) in North America (computer modem required):

1-800-448-1221 (from North America)
702-448-1900 (from most international locations)
1-800-12-1100 (from Australia)

24-hour Customer Service Hotline - For calls relating to service or other technical assistance, call: 1-800-688-7890.

For parts information, contact:

IGT Customer Service
9295 Prototype Drive
Reno, Nevada, (USA) 89511
Telephone (8 am - 4 pm PST): 702-448-0364
FAX: 702-448-0675

Reader Comments: A reader comment sheet is included on the next page. In an effort to constantly improve our documentation, IGT encourages technicians and other users to complete and mail the form.

Reader Comments

Please take some time to complete the following comment sheet. Your comments and suggestions help IGT produce more useful and accurate manuals. Please give specific page and paragraph references whenever possible.

Publication Title: *Mechanical Parts: Player's Edge-Plus Slant-Top* Part Number: 821-277-00

1. Please rate the quality of this manual in each of the categories below using these ratings:

1=Excellent 2=Good 3=Average 4=Fair 5=Poor

Accuracy

The information included is correct. _____

Completeness

All necessary information is included in either this manual or those listed under "Related Documentation." _____

Clarity

The material is easy to understand and is at the right level. _____

Organization

Information is easy to locate using the Table of Contents. _____

Illustrations

The illustrations are clear, useful and there are enough of them. _____

2. How did you use this manual? (check all that apply)

Installation _____ Operating Instructions _____ Training _____ Service/Maintenance _____

3. Please list any errors or omissions noted and their page numbers.

Introduction

IGT field service documentation consists of series of manuals. Each manual addresses a different aspect of field service and is designed to be used in conjunction with other stand-alone manuals related to maintenance, installation, game software, troubleshooting, electronics and parts. Manuals are tailored for product group or, in some cases, product models. Refer to the About Field Service Documentation in the front of this manual for a graphic representation of the manual series.

All manuals contain the following information to assist the reader in making the best use of IGT documentation:

- **About Field Service Documentation** – is included at the front of each manual, and includes a graphic representation of the IGT field service manual series.
- **Related Documentation and Related Videotapes** – appear at the front of each manual and list other books and videotapes that should be used in conjunction with this manual.
