

### PERFECTION CARD SHEARS

Card Shears, designed and built by us, represent the highest type of mechanical perfection obtainable. Shear blades are self-sharpening, made of the best grade shear steel obtainable and mounted on a carefully machined and squared brass block.

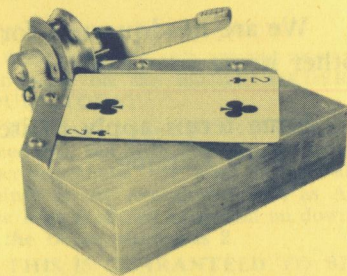

All movable parts are made of brass and the hand grip is amply large.

Our special micrometer attachment which permits the adjustment of the cut to the fineness of a hair is regulated with a knurled adjusting nut. This assures a quality of work that cannot be approached by any other shear ever made.
